

Iron County Register

Entered in the Postoffice at Ironton, Mo., as second class matter.

E. D. AKE, : : : : : EDITOR.

VOLUME XXVI. NUMBER 14.

IRONTON, MO.
THURSDAY, OCTOBER 6, 1892.

Public Speaking.

Hon. Richard Dalton, that able man and eloquent exponent of Democracy, will address the voters of Iron county, at the courthouse in Ironton on Wednesday, October 12th, 1892, at two o'clock p. m. It is earnestly requested that the people in general and Democrats in particular all over the county, make every effort to have a large attendance from every section. Mr. Dalton is an eloquent and impressive speaker. Come and hear a splendid discussion of the issues of the day.

LOCAL BREVITIES.

Circuit court convenes three weeks from Monday last.

The hoodlum element that infests the north end must be brought to justice.

The exodus to the St. Louis fair has been large, and all north-bound trains are crowded.

Mrs. Wingate has leased the Morris House in Poplar Bluff and left last Saturday for that place.

J. Newman has moved his stock of goods into the store building lately built by Fred Kindell. See new "ad."

Remember that Dick Dalton will be in Ironton on Wednesday, October 12th, and Judge Fyan on the Monday following.

We are still waiting to hear from the laborer in this section that has had his wages increased because of the McKinley bill.

And still the dry weather continues; wells are becoming shallow, springs dry, the ground as hard as rock, and the vegetation withered and parched.

The REGISTER job office is prepared to furnish all the latest designs in wedding, ball and other fancy stationery. Call and examine our large assortment of samples.

The law on quail was out last Saturday, and a number of the sportsmen turned out on that day with their dogs. The birds seemed to be scarce, however, as but few were secured.

The supply of water for the washer at Pilot Knob is getting short, and unless there is a rain soon it is feared that it will be necessary to suspend work until the drought is ended.

The REGISTER has some valuable documents for distribution, showing the financial methods of the Republican party when they were in power in the state. Call and get one.

The new building being erected by Mr. Socrates Newman on his farm, promises to be one of the most desirable summer homes in the Valley. It is large, roomy and comfortable.

Election of officers at the Y. P. S. C. E. business meeting, to be held this (Wednesday) evening at 7 o'clock, at the Presbyterian church. All the members are requested to be present.

The petition to the Mayor from the tax-payers of the North End of town should receive attention. If reports be true, the scenes enacted up there nightly are a disgrace to the community.

The date of the K. P. ball has been changed from the 12th to the 13th. The invitations have been mailed and everything points to a grand time. Remember the date, Thursday, October 13th.

DIED.—In Pilot Knob, Mo., Oct. 4, 1892, Louisa M., wife of A. Nemach, aged 29 years, 10 months and eighteen days. The bereaved husband has the sympathy of the entire community in his affliction. The funeral occurs from the residence at two o'clock this afternoon, and the remains will be interred in the Pilot Knob cemetery.

List of unclaimed letters remaining in the postoffice at Pilot Knob, Sept. 30, 1892.
Dempsey Davis Lewis Mary
Franklin Jerome Maxwell George
Hult Lemuel Todd P
If not called for within thirty days they will be sent to the dead letter office.
P. H. JAQUITH, P. M.

Mr. Jas. Kite now has about six hundred sheep on his ranch west of Pilot Knob, and is making additional purchases every day. Last week he received by express eight sheep of imported stock for breeding purposes. All the flock are now in splendid condition, and we trust that Mr. Kite will achieve the success which his energy and enterprise merit.

FOR SALE OR EXCHANGE.—The following musical instruments: 1 upright Piano "Kimball," and 1 "Valley Guit" square Piano; also 1 second-hand Organ. These are all good instruments and in first class condition. Here is an opportunity to get a good Piano at a bargain. Pianos and Organ be seen by calling on the owners, Jordan and Huff, Ironton, Mo.

Complaint has been made during the past week that a number of young hoodlums are in the habit of congregating in front of the churches, while divine services are being held, and making noises and committing other depredations that mar the solemnity of the religious worship. Such conduct is not to be tolerated and the offenders should be apprehended and made to feel the butt end of the law.

Clark's circus, which exhibited here about the last of August, will return to this place in the course of the next month, and spend the winter in this town. They have leased the Ironton House for that purpose and will make it their headquarters. The menagerie consists of one lone elephant, and he will be quartered in one of the adjacent buildings. So Ironton promises to have an all winter's circus.

Cleveland's letter of acceptance is published in this paper.

Democrats, come out and attend the meetings of the Cleveland and Stone club.

Our fellow townsman, Thos. Beard, Esq., has devoted considerable time during the past few months to collecting a mineral cabinet to be exhibited at the World's Fair in Chicago, as the product of Southeast Missouri. Mr. Beard, by perseverance and energy, succeeded in getting an admirable collection, and last week shipped the same to World's Fair commissioners for this State, who will in time forward it to Chicago.

The Southern M. E. conference which was in session most of the past week at Kirkwood, has detached the southeast section of the state from the St. Louis district, and a new district was formed, which will be known as the Farmington district, with Rev. H. Hanesworth as presiding elder. The appointments of ministers made by the conference of local interest are: Arcadia station, W. S. Tyler; Polos circuit, H. J. Whitehead; Bellevue, L. L. Pinnell; Caledonia, M. F. Haw.

List of letters remaining in the Ironton Post-office for the month ending Sept. 30, 1892:
Dunkin John Ohler Mrs C
Fisher Wm Oleson Peter
Gardner Miss Alice Perry Stephen
Graham Mrs A Sumpter Miss R
Henderson Miss M Jonson Miss M
Oberman Mr N (foreign)
If not called for within thirty days they will be sent to the dead letter office.
THOS. BEARD, P. M.

The following was written and left lying on the table in the hotel office. Who the writer? We don't know; but his head is level and there are no flies on him: "A public office is a public trust. Grover Cleveland will be the next president of the United States of America. Wm. J. Stone will be the next governor of the great state of Missouri. Missouri is the greatest state in the Union; has more natural resources, more variety of climate, and more minerals than any state heard of. She is still in her infancy; when she is fully developed, she will surprise the natives."

The F. & L. U.

The Iron county F. & L. U. will meet in Ironton, Mo., on Friday, October 14th, 1892, at 2:30 p. m. All members are urged to be present.
J. B. HAMPTON, President.
J. B. HOLLOMAN, Secretary.

Personal.

W. S. C. Walker, of Malden, visited his brother in this place on Monday last.

C. S. DeMier, station agent at Arcadia, has taken a "lay off," and is visiting his father in the northern part of the state.

H. B. Jones is in Cape Girardeau. Among those from the Valley attending the festivities in St. Louis this week are: W. G. Fairchild and daughters, Miss Bertha and Nellie, Mrs. H. O. Davis and daughter, Miss Carrie, W. A. Fletcher and wife, W. T. Gay and wife, Mrs. W. B. Newman, Mrs. R. Hotson and children, Mrs. W. H. Reese, Mrs. D. F. Reese, Mrs. A. Roehrig, W. H. Whitworth, J. L. Baldwin, Thos. Jones, W. R. Kendell, and numbers of others whose names we failed to learn.

Judge Emerson is in Kansas City. Louis Miller leaves to-day for Dunklin county.

Mrs. Ella Farris, Zeitonia, is visiting Mrs. J. S. Jordan.

Mrs. B. Fox, Centerville, is visiting the home people here.

Mrs. W. A. Flowers, of Eldon, Iowa, is visiting relatives and friends here.

O. D. Elgan leaves today for St. Louis after a short visit to relatives and friends in this place.

Pilot Knob Items.

Owing to the numerous visitors from this place to the fall festivities, our otherwise active town has assumed a quiet aspect.

W. J. Biel, of St. Louis, who has been spending a week's vacation with his parents, has returned to the city.

We think "eye editor" has been misled concerning the raising of our flag pole. It was raised a week ago last Saturday, a large and enthusiastic crowd being present. It was a "labor of pay" with the men, that is one of the principles of which the pole is emblematic. On top is a large hat bearing the brief but oracular words: "1892. Grand Pa's". Your narrator's politics accounts for his description; you would not expect a Democrat to eulogize on a Republican pole-raising.

B. R. Billings and B. R. Vinson, R. P. C.'s, have been visiting their friends in the Valley. Arcadia Valley is fast becoming famous on account of its beautiful scenery and other attractions.

Mrs. P. Tierney and family have returned from a visit to St. Louis.

Mr. and Mrs. G. W. Spence, of De Soto, Mo., are visiting the latter's parents, Mr. and Mrs. J. Price.

Our enterprising carpenter, F. Ebrecht, has just finished a wagon for the Iron Mountain band. It is of excellent workmanship and fine finish, and Mr. Ebrecht can feel justly proud of his work.

"Novice" should buy his granulated sugar at Pilot Knob; he can get 17 lbs. standard granulated for \$1.

Mr. and Mrs. John Schwab have returned from the G. A. R. celebration at Washington, D. C.

Miss Belle Craine has returned from a visit to friends at Murphysboro, Ill.

Annapolis News.

Ed. Register.—The chains were stolen from the watches of Les. Smith and Lucian Hackworth, while they were playing ball last Sunday week. They left their vests hanging on a fence.

Our boys went over on Funk branch the other day and beat the boys playing ball over there, but they had nothing to brag of as the score stood nearly equal.

Mr. and Mrs. Eustace Rockwell went to visit her father, who is said to be very sick. Mr. Rockwell has since returned, but Mrs. Rockwell remained with her sick father.

D. A. Johnson & Co.'s incubator arrived and was put into the building prepared for it and Frank Smith took charge of it on the first of October, and will soon turn out chickens for the market at a high rate of speed; at least we hope so, and wish Mr. Smith and the company the best of success.

C. D. Alexander's incubator will soon be on hand, and then we hope to see the business prosper in a way that will induce others to try their hands at the same.

A creamery will soon be established here, too, which shows the enterprising spirit of our people, and is calculated to add to the wealth of Annapolis and surrounding country.

While prospecting east of town Harmon & Nelson discovered a cave, the mouth to which was closed up either by the action of nature, or by some men years ago as Mr. Harmon believes.

He says the cave is rich in spar, or "tuff" as he calls it, and ochre; Mr. Harmon is very enthusiastic and thinks he has discovered an old Spanish mine.

W. K. Lence lost the diamond setting out of a ring the other day.

The ladies of the Rebekah Degree Lodge sold ice cream and cake a week ago last Saturday evening for the benefit of that institution; they also sold a fine quilt which was voted to Miss May Nelson.

That lodge is in good shape, being almost out of debt and having regalia and other paraphernalia paid for. It now has a membership of 23, and Granite lodge has a membership of 38 third degree members in good standing.

Frank Brown has joined the regular army.

Frank, a little son of F. P. Hillburn, was very sick last Sunday and Dr. Cloonan being out of town Dr. Strong of Ironton was called.

Dr. May's daughters have all returned to Oberlin college.

C. O. Rockwell arrived at home last night and will remain until after the election; he is looking well.

Mrs. Towl has returned from a visit to her daughter.

E. L. Clevinger has returned from Hot Springs, Ark., where he was lately married; he brought his young wife, with him and will make his future home in Annapolis.

A little child of John Sutton was buried at Annapolis cemetery Tuesday, Oct. 2d, 1892. MURPHY.

It is not unusual for colds contracted in the fall to hang on all winter. In such cases catarrh or chronic bronchitis are almost sure to result. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold. Can you afford to risk so much for so small an amount? This remedy is intended especially for bad colds and croup and can always be depended upon. For sale by P. R. Crisp, druggist.

From Graniteville.

Ed. Register.—The Graniteville Brass Band boys have postponed their concert and ball until Thursday evening, October 20th.

Several of our town people will attend the big fair in St. Louis this week.

Wm. Hume and Hugh Carney, of Sycamore, spent Sunday with friends in town.

Ernest Hitzman, of Bismarck, Sunday with folks in Germania.

We noticed a great many Ironontonians passing through our town yesterday, out pleasure riding.

Mr. Alex. Graham and family visited with Judge Hancock near Pilot Knob Sunday.

Mr. Wm. F. Lawrenz, who has been chief clerk in the Sycamore company's store both here and at Sycamore, often times for the past eight years, left Sunday for Chicago, where he will resume his collegiate studies in dentistry, and of which we also stated in last week's REGISTER, but from our personal acquaintance, we wish by way of comment, to express ourselves a little bit.

Mr. L. is without the least bit of flattery, what would be rightly termed an exemplary young man. In business circles he was ever ready to do his duty, both to his employer and customers. And without fear of contradiction, we will venture to say, out of nearly a score of men employed in the same capacity during the last dozen years, that he ranks second to none. A man of unblemished character, handsome, polished and, we might say, refined, and one of the few who delight to please. Socially, he has occupied a position also second to none in this community. It is through these characteristics that we wish and predict a happy and prosperous future.

Mr. W. C. Bainbridge has been employed by the Sycamore Company and has assumed the duties devolving upon him in the same capacity.

The Schneider Granite Company laid off several men last week in the stone-cutting department, and the Sycamore Company have put on more in that line, so the gain in one place is about equal to the loss in the other.

Billy O'Brien is experiencing very little change in his condition since our last.

Alex. Brebner, who has been very sick for the last four or five weeks, is now up and around, though yet unable to work much.

Several children in town are afflicted with sore throat, first said to be mumps, but the latter ailment is disproved by our M. D.'s.

Mr. B. Shepherd, with his crew of carpenters, commenced work on Mr. E. M. Smith's residence yesterday morning in the way of improvements, such as new up and around, though yet unable to work much.

We never knew, until we read Mr. Stone's speech, how utterly vile we people of the United States were. Let us unite all our efforts to have him elected, and redeem our character.

Will some one reply to these questions? Granted that dancing is sinful, Does the harm lie in the act of dancing or in love of amusement? Wine is a mocker: Is the harm in drinking or in getting drunk?

Mr. T. E. Wiley, 146 Chambers st., New York City, says that Ayer's Sarsaparilla cured him of a dry and scaly humor, from which he had suffered intolerably. He adds: "I have not now a blemish on my body, and my cure is wholly due to Ayer's Sarsaparilla."

GOOD NEWS FOR THE K. OF H.
Two Assessments For October. Paying Claims Promptly.

The following letter received from Supreme Dictator Klotz needs no comment. It will be read with pleasure by every member of the order:

NEWARK, N. J. Sept. 16, 1892.
Mr. D. S. Biggs, Boston, Mass.:
MY DEAR SIR AND BRO.:—It is indeed gratifying to me to be able to announce to the membership that there will be but two assessments in October.

While it will undoubtedly be necessary to have three in November, we hope to have but two in December; unless there is a marked increase in the death rate there there will be only two in December, making in all thirty-two assessments for the year ending Dec. 31, 1892. When we take into consideration the condition of the W. and O. B. Fund, I think we make a remarkable and satisfactory showing.

Referring to the W. and O. B. Fund I would state that the reports show that on the 27th of August, 1891, there were death claims proven in the supreme reporter's office amounting to \$970,499.07; this year on the same date the death claims proven in the supreme reporter's office were \$565,085.12, showing a clean net gain of \$415,413.95, or a sum equal to more than three assessments. If this financial showing continues to Dec. 31st, and we hope it will be no worse, it will show that the actual money necessary to pay for death claims for another year (this calculation being based on the number of deaths this year) will be met by about twenty-nine assessments; it does not seem to me that it can be more than that thirty. This number can be materially lowered by a large addition of new members, and I am pleased to say that the prospects of increasing the membership are very good. I note several of the grand jurisdictions have splendid work mapped out. If all would take hold the result would certainly be a very material increase of new and valuable members. The inducements that we offer are not surpassed by any order of a similar character in the country.

Our history is our guarantee for the future and we are entirely justified in challenging comparison.

Before closing I desire to say that we are paying our death claims very promptly. The warrants that went out between the 1st and 10th of this month paid every claim proven in the supreme reporter's office down to and including August 27th, and among the number were thirty-two for members that died in the month of August.

Fraternally yours in O. M. A.,
SAMUEL KLOTZ, S. D.

"There is no use of any one suffering with the cholera when Chamberlain's Colic, Cholera and Diarrhoea Remedy can be procured. It will give relief in a few minutes and cure in a short time. I have tried it and know."—W. H. Clinton, Helmetta, N. J. The epidemic at Helmetta was at first believed to be cholera, but subsequent investigation proved it to be a violent form of dysentery, almost as dangerous as cholera. This Remedy was used there with great success. For sale by P. R. Crisp, druggist.

Fall Styles.
The World of Fashion has been astir of late in consequence of the revival of what is called the *Directoire* styles, for which much popularity is predicted.

These figures represent the number of bottles of Dr. King's New Discovery for Consumption, Coughs and Colds, which were sold in the United States from March '91 to March '92. Two Million, Two Hundred and Twenty-Eight Thousand, Six Hundred and Seventy-Two bottles sold in one year, and each and every bottle was sold on a positive guarantee that money would be refunded if satisfactory results did not follow its use. The secret of its success is plain. It never disappoints and can always be depended on as the very best remedy for Coughs, Colds, etc. Price 50c. and \$1.00. At P. R. Crisp's Drugstore.

2,228,672.
